

Writing Sample 1 - Direct Mail Fundraising Appeal

SPECULATIVE WRITING SAMPLE | DIRECT MAIL APPEAL

Created for portfolio/application purposes

Organization: fictional environmental nonprofit, Green Tomorrow Alliance

Audience: Previous donors

Objective: Year-end donor renewal

Format: Direct mail appeal

Dear Friend,

A child growing up today deserves to inherit clean air, safe water, and a community protected from the growing effects of climate change.

But for too many families, that future is uncertain.

Across the country, communities are facing extreme heat, polluted waterways, and environmental challenges that disproportionately affect families with the fewest resources to respond. At Green Tomorrow Alliance, we believe every community deserves the opportunity to thrive in a healthy environment.

And people like you make that work possible.

Last year, supporters helped us bring environmental education and community-led conservation initiatives to neighborhoods where resources are often limited. Together, we helped residents turn concern into action.

But there is more work ahead.

Will you make a year-end gift of \$50, \$100, or whatever is meaningful to you today?

Your support can help local leaders access the resources, information, and partnerships they need to protect their communities not just for today, but for generations to come.

Every gift represents something larger than a donation. It represents a choice to believe that cleaner, healthier communities are possible.

Please make your year-end gift today.

Thank you for standing with communities working toward a healthier future.

With gratitude,

Maya Thompson

Executive Director

Green Tomorrow Alliance

P.S. The challenges facing our environment cannot wait. Your year-end gift can help communities begin the new year with the resources they need to turn local ideas into meaningful action.

Writing Sample 2 — Digital/Email Fundraising Appeal

SPECULATIVE WRITING SAMPLE | DIGITAL/EMAIL APPEAL

Created for portfolio/application purposes

Organization: fictional youth nonprofit, Future Forward

Audience: Existing supporters and prospective donors

Objective: Generate donations for youth programming

Subject: One opportunity can change a young person's future

Preview text: Your gift can help create more of them.

Hi [First Name],

Sometimes opportunity starts with something small.

A mentor who listens.

A program that helps a student discover a new skill.

A place where a young person feels that they belong.

At **Future Forward**, we work to make those moments possible for young people who may not otherwise have access to them.

But we cannot do it alone.

Your gift today can help provide mentorship, educational programming, and career-readiness resources to more students.

[HELP CREATE AN OPPORTUNITY]

Every student enters our programs with different goals, challenges, and possibilities. Our job isn't to define their future for them. It's to make sure they have the resources and support to explore it.

When you give to Future Forward, you become part of that support system.

Whether you give **\$25, \$50, \$100, or another amount**, your contribution helps us reach more young people and create more opportunities for them to learn, connect, and grow.

Will you make a gift today?

[YES, I'LL SUPPORT YOUNG PEOPLE]

Thank you for believing in what young people can accomplish when opportunity is within reach.

With gratitude,

The Future Forward Team
